Web: www.neosys.ch

Education

Master in Industrial Relations / Comparative Labour Studies
(Warwick University, UK)
Master in Occupational Health & Safety (Institute of Occupational
Health Sciences, Switzerland)
SA8000 Auditor

Experience

Christophe Margot has 10 years of experience in the implementation of labour standards in Asia, Africa and Eastern Europe. Before joining Neosys, he worked for the International Labour Organisation (ILO), for UNHCR and for the Swiss State Secretariat for Economic Affairs (seco). At Neosys Christophe is designing & implementing sustainable procurement projects with retailers and their association (e.g. SAI, BSCI, Globalgap). Some of these projects are co-financed by development agencies: they are directed at improving working conditions at the supplier level as well as developing the expertise of national training organisations. Christophe has been supporting suppliers from the agricultural and the industrial sectors (garment, toys, kitchen hardware, jewellery, furniture).
Christophe contributed to further develop the qualification concept and training tools for the WE-Project. He coaches the local trainers in China South and in Thailand and supports the conduct of the qualification activities for the group of pilot suppliers.
